

2K Polyurethane high build clear top-coats, high chemical and mechanical resistance, formaldehyde free

www.milesi.com

MILESI® is a brand of the **IVM GROUP®**, one of the largest and influential wood coatings manufacturers in Europe and in the world.

Milesi products were born in 1947 in Italy, a country that has always been a point of reference in the furniture industry. These products were developed and perfected through constant interaction with local industry experts and designers who are appreciated all over the world.

With its presence in **North America**, the **IVM Group** wants to declare the intention to make Milesi products more available to the North American professional user

IVM Group can establish a systematic approach with the North American user to define the products and application best suited to meet their needs.

Milesi products are designed and developed by more than 200 chemists and technicians in the **European Research and Development Laboratories of IVM Group**.

They work cooperatively for the ongoing development of wood coatings.

These laboratories are among the most modern and innovative in the world, able to meet customer requirements, from small to large industrial users.

Milesi products are manufactured in the modern plant of Parona in Italy.
