Directions: For best results, use only when can temperature is between 65 and 90 degrees Fahrenheit. First clean surface with cloth dampened in Mineral Spirits to remove any oil, polish or old wax film. Then apply a thin, even coat of PASTE WAX with a soft pad or by forming a sack of two thicknesses of cheesecloth, allowing wax to penetrate through cloth under pressure of the hand. This wax dries rapidly and may be polished to lustre in a few minutes. For floors, apply a second coat and polish as above.
