

Strypeeze® Paint/Varnish Remover

- Semi-paste formula clings to vertical, curved or rounded surfaces.
- Will not harm woodwork, metal and masonry.
- Exclusive anti-evaporate film keeps remover wet longer.
- Water-rinsable for easy sludge removal and cleanup.

SAVOGRAN

Strypeeze® Paint/Varnish Remover

Description

Savogran's popular, general purpose stripper removes paint, varnish and most finishes without harming wood, metal or masonry. Semi-paste for brush application. Made especially for tough jobs. Exclusive formula improves cling and cutting power on rounded surfaces. Stays wet longer and cuts deeper.

Application

Removes multiple layers of paint and varnish without damaging wood, metal and masonry. One gallon of remover covers approximately 100 square feet of surface area. Strypeeze is easily removed with mineral spirits or heavy duty cleaner such as TSP and water.

Directions

Brush on thick coat of remover. Allow remover to work for 15 minutes or more. Scrape test to see if finish is softened to base. If not, wait 15 minutes longer and retest. Be patient and let the remover do the work. Remove sludge with scraper. Use nylon stripping pad and coarse rags to thoroughly wash off residue from stripped surface with mineral spirits or a water solution of heavy duty TSP cleaner.

Important label information

DANGER: POISON! EXTREMELY FLAMMABLE-MAY BE FATAL OR CAUSE BLINDNESS IF SWALLOWED. VAPOR HARMFUL. SKIN AND EYE IRRITANT. Before use, always read all information and warnings on container. Material safety data sheets available upon request.
