## Titebond III Ultimate Wood Glue

Titebond III Ultimate Wood Glue is the first one-part, water cleanup wood glue ever offered that is proven waterproof. The waterproof formula passes the ANSI/HPVA Type I water-resistance specification and offers superior bond strength, longer open assembly time and lower application temperature.

Titebond III is non-toxic, solvent free and cleans up with water - safer to use than traditional waterproof wood glues. It provides strong initial tack, sands easily without softening and is FDA approved for indirect food contact (cutting boards). The ultimate in wood glues - ideal for both interior and exterior applications.

CONFORMS TO ASTM D-4236

Ordering Information	Product Features	Physical Properties	Application Guidelines	Limitations	Caution Statement
----------------------	------------------	---------------------	------------------------	-------------	-------------------

- Passes ANSI/HPVA Type I water-resistance
- Waterproof formula that cleans up with water
