ETS EC 150/5 EQ | \$485.00
571892

Equipped with the EC-TEC® Brushless Motor, these low-profile, long-life and low-vibration sanders can run all day with multiple shifts. Available in a fine 1/8" (3mm) stroke or a broader 3/16" (5 mm stroke), these sanders use a larger 6" pad and offer the performance of an air sander without the bulk of an air system. Not to mention, their compact design and ergonomic grip save time and allow for less fatigue – making them the ultimate high-demand sanding tools.

Features + Capabilities

More Power

The EC-TEC® Brushless Motor delivers more power to the pad, with a higher degree of efficiency and long life with no downtime for brush replacement.

Less Fatigue

Active electronic vibration control constantly monitors sanding activity to ensure easy operation and a smooth surface, while minimizing arm strain for less fatigue.

Better Dust Control

Electronic hose detection sensor alerts the user if the dust extraction hose becomes disconnected, helping to ensure a better finish result and cleaner work environment.

Increased Flexibility

Allowing for less fatigue and more control, these compact sanders have a lower design height and a rubberized top grip to fit any size hand.

More Details

Protects From Marring

The pad brake protects the surface from marring by quickly stopping the pad movement when starting or stopping. In addition, the pad brake saves time, improves safety and extends the life of the sander.

Less Downtime

StickFix minimizes the downtime of changing abrasives and increases overall savings. Additionally, the resilient pad hooks and hard-wearing fabric backing lead to longer abrasive and pad life.

system. unmatched.

Suction Hose With Sleeve

Festool's Anti-Static Dust Extraction Hoses have an integrated plug-it-cable with a sleeve around them to protect surfaces from damage. Sleeved hoses help prevent tangling, while also allowing the hose to easily glide over surfaces and edges.

ETS Accessories

Though matching the abrasive to the material is critical, choosing the right pad shouldn't be overlooked, since it can make a huge difference in the finished surface quality. For maintaining a crisp edge, Festool recommends hard pads. For contours and profiles, we suggest the super-soft pad. And for general-purpose sanding, the standard supplied soft pad is well-suited for most applications.

ACCESSORIES					
	Sander Backing Pad (Replacement ETS 125 REQ, ETS 150/5); High-temp resistant for heavy-duty applications. White ring feature on pad face for easy abrasive change. (1 piece)	\$44.00 492286	\$40.00 492280	\$47.00 498987	\$47.00 498987
	Sander Backing Pad (Replacement ETS 125 REQ, ETS 150/3); For medium/fine sanding and finishing. The extra softness is more forgiving and allows the abrasive to float easier on the surface for smoother results. (1 piece)	\$44.00 492288	\$38.00 492282	\$44.00 498986	\$44.00 498986
	Sander Backing Pad Maintain a crisp and flat surface especially on edges. Great for surface leveling. (1 piece)	\$44.00 492284		\$44.00 498988	\$44.00 498988
	Interface Sander Backing Pad For profiles and contours. The extreme softness and give allows the abrasive to float easier on the surface for smoother results. (1 piece)	\$24.00 492271	\$24.00 492271	\$27.00 496647	\$27.00 496647
	Interface Sander Backing Pad Extremely soft foam pads, the interface pads allow the abrasive to float, producing smoother results on delicate profiles and contours. This set comes with two (2) 5 mm-thick pads. Use the interface pads separately or stacked together for additional softness. (2 pieces)			\$25.00 499257	\$25.00 499257
	Protector Removable wrap-around protection to protect the pad as well as the adjacent surfaces from inadvertent pad contact. Great for up-close sanding.		\$13.00 201690		
	Long-life chip collection bag Re-usable capture bag comprised of extra-durable nonwoven polyester for extra-long life. These bags are meant to capture sanding dust, be emptied, and then re-used many times.		\$30.00 201693		
	Turbo Dust Bag Paper dust bags for turbo dust extraction.				
	5 pieces		\$17.00 489128		\$17.00 487779
	25 pieces		\$44.00 489127		\$44.00 487871
	Turbo Dust Bag Set Paper dust bag for turbo dust extraction and one plastic holder.				
	Plastic holder and paper dust bag for turbo dust extraction. Includes one paper filter bag.		\$28.00 489129		\$28.00 489631
	SYSTAINER T-LOC Systainer for storing, organizing, and transporting ETS abrasives and pads.	\$88.00 497685	\$88.00 497685	\$98.00 497690	\$98.00 497690
	Hose with sleeve 11.5' (3.5 m) Anti-Static Dust Extraction Hose with integrated sleeve protects the surface and edges of the material being sanded. In Systainer SYS 3.	\$250.00 500276	\$250.00 500276	\$250.00 500276	\$250.00 500276

1 All ETS 125 accessories can be used on the ES 125 - except 201690/201693.
2 All ETS 150 accessories can be used on the RO 150 E (not the RO 150 FEQ).

Granat Abrasives

Thanks to its amazing versatility and durability, Festool's Granat abrasive is gaining a reputation as the "ultimate abrasive" for both finished and bare wood surfaces. Originally designed for solvent-based high-VOC surfaces and paints, its anti-clogging properties are well-suited for a broad range of applications, including clear coats, composites, mineral and solid surfaces.

Rubin 2 Abrasives

Building on the industry-leading performance of the original Rubin abrasive, Festool's Rubin 2 sets a new standard for efficiency—perfect for all wood-finishing applications. Rubin 2 is designed to minimize the time spent on each level with a 30% faster removal rate and a 30% longer sheet life.

For a complete listing of abrasives, including Saphir, Titan 2, Platin 2, Vlies and Diamant—plus additional pack quantities for Rubin 2 and Granat—please visit festoolusa.com/abrasives.
