

**Duplex LS 130 EQ** | \$430.00  
 567852

Rabbets, edges and profiles are best sanded with a linear motion. Until now, the only tool that could do that was your hand, and there wasn't any dust extraction to go along. The LS 130 powers through detail sanding faster, cleaner and without the fatigue. As common as these jobs are, the LS 130 will save you major time and effort.

|                                 | LS 130 EQ                           |

## Features + Capabilities

### Pre-formed and custom profiles

A wide selection of pads can be mounted for any application.

### True linear performance

Sanding motion imitates hand-sanding perfectly for sanding profiles, edges or rabbets.

### 3x faster

Powers through detail sanding 3x faster than hand-sanding, eliminating user fatigue for more consistent results.

### Integrated dust extraction

Pads are designed to efficiently channel dust through the rear port.

## More Details

### FastFix pad change

Tool-free pad design allows you to quickly transition between pads, minimizing downtime.

### StickFix® mechanical fastening design

Fast and easy abrasive removal with resilient pad hooks and hard-wearing fabric backing for longer abrasive and pad life.

 system. unmatched.

## Do-It-Yourself Kit

Grab this kit and get everything you need to create and match custom profiles for in-line sanding.

## LS Accessories

The LS 130 can tackle a wide range of profiles and contours with ease by simply changing the sanding pad. Tool-free FastFix mounts make it a snap. Preformed pads offer common profiles, the do-it-yourself kit offers unlimited profile matching and StickFix® delivers rapid, no hassle abrasive changes.

## Granat Abrasives

Thanks to its amazing versatility and durability, Festool's Granat abrasive is gaining a reputation as the "ultimate abrasive" for both finished and bare wood surfaces. Originally designed for solvent-based high-VOC surfaces and paints, its anti-clogging properties are well-suited for a broad range of applications, including clear coats, composites, mineral and solid surfaces.

## Rubin 2 Abrasives

Building on the industry-leading performance of the original Rubín abrasive, Festool's Rubín 2 sets a new standard for efficiency—perfect for all wood-finishing applications. Rubín 2 is designed to minimize the time spent on each level with a 30% faster removal rate and a 30% longer sheet life.

For a complete listing of abrasives, including Saphir, Platin 2, and Vlies—plus additional pack quantities for Rubín 2 and Granat—please visit [festoolusa.com/abrasives](http://festoolusa.com/abrasives).

## Features + Capabilities

### Your best finish

Designed for rapid grit progression, you'll spend less time getting from 80 to 220, achieving the best possible finished surface in the least amount of time.

### Versatile

Exceptional anti-clogging properties make Granat an ideal solution for a wide range of painted and finished surfaces, in addition to virtually any wood application.

### Finish faster

Rubin 2 is designed to quickly shed wood fibers, eliminating clogging so the abrasive stays sharp, leading to a 30% faster removal rate.

### Save money

Since Rubin 2 is designed to prevent clogging due to the buildup of pitch and wood fibers, you'll get up to 30% longer life out of every sheet.

## More Details

### Dust extraction

Just like so many of our tools, our abrasives are designed with dust extraction as a primary consideration. It isn't enough to just put holes in the paper; they have to work together with the pad for optimum airflow while ensuring consistent finish results. All this with less mess and longer lasting abrasives.

### High quality

Quality is more than what goes into making an abrasive—it's what you get out of an abrasive. Festool abrasives are designed to match the performance of Festool sanders for the ultimate in finish quality; which is the quality that matters most.

### High performance

A high-performance abrasive is one that cuts quickly and efficiently with minimal loading, uniform scratch patterns, durability and a long, long life. Get more mileage out of your abrasives with Festool.

 system. unmatched.

## Sanding pads

Easily overlooked but essential to ultimate sanding performance, Festool Sanding Pads are designed and built for perfectly smooth sanding results while surviving the most demanding applications. Available in different densities and types, sanding pads are the secret to great finishes.
