Product Data Sheet

Leather Revive

M850-10084

8.5 fl. oz. bottle

Product Description: Leather Revive is a highly advance product designed to revitalize leather that has become dried out, stiff, or is squeaky.

Characteristics:

Physical state: Liquid

Package life: Maximum 1 year from date of manufacture, must be kept in original container.

Storage: Protect from freezing. Store above 40° F.

HMIS:

Health: 1

Flammability: 1

Reactivity: 0

Personal Protection: B

Specifications:

Leather type usage: For pigmented leather.

Pre-test: Leather Revive is designed for pigmented leathers. To test, apply Leather Revive to a hidden area and observe whether darkening or discoloring occurs after application. If this occurs, do not use Leather Revive.

Directions: Dampen a lint-free cloth or soft sponge with Leather Revive and wipe evenly on the leather (do not press or rub vigorously). Allow to air dry after application if a luster or higher gloss is desired, buff the surface with a soft lint-free cloth (similar to diaper) to increase sheen level.

Routine care: Leather Revive is to be used when leather needs to be revitalized. When dry, apply Leather Protector to renew the protection level.

Safety cautions: Use only in a well ventilated area. Avoid contact with eyes, skin and clothing. Avoid breathing vapor. Additional local exhaust ventilation is recommended where mists or vapors may be released.

KEEP OUT OF REACH OF CHILDREN.

MSDS: If Material Safety Data Sheet is required, contact:
