

Problem

Difficult to get a perfect cut

Solution

Perfect flush edge every time

Feature

Easily gets into small spaces

Tri Trimmer

Ergonomically designed to fit your hand

The Tri Trimmer is an innovative new design that allows you to get tight into the corners when trimming veneers and edge banding. Designed by a professional refacer to specifically address resurfacing face frames and awkward inside trimming. Use the single blade to get into small spaces and use the dual blades for long open runs.

Features...

- Carbon steel 30 degree blades
- Two blades for a straight flush edge
- One blade to fit into small spaces

Great For...

- Refacing cabinets
- Trimming Fastedge & edge banding
- Inside & outside face frame trimming
