Product Data Sheet

No Blush™ Blender Flat

M103-0476 (13 oz. aerosol)

Product Description: Designed specifically for lower sheen finishes. No Blush™ Blender Flat smooths and levels a finish with orange peel or light scratches. No Blush™ Blender Flat blends over spray with the existing finish on spot repair work for various non-gloss sheens. No Blush™ Blender Flat also works as a standard No Blush™ to remove trapped moisture without raising the sheen.

Advantages:

1. Easy to use.
2. Very effective.
3. Maintains low sheen

Characteristics:

Weight per gallon: 6.31 lbs/gal * (including propellant)

Solids % (wt): 1.2 *

Solids % (vol): .637 *

Dry time: Air dry @ 72 F, 35% relative humidity

To touch: 20 minutes

To handle: 45 minutes

To package: overnight

PWR Category: WTR

PWR Category Limit: 1.5

PWR of product: 0.936*

Package life: 3 years

*Varies between sheens, includes propellant.

All values theoretical; not intended to be exact QC specifications.

HMIS: Health – 2, Flammability – 4, Reactivity – 0, Personal Protection – X

Specifications:

Directions: SHAKE WELL BEFORE USING. Smooths and levels a finish with orange peel or light scratches. Blends overspray with existing finish on spot repair work for various sheens. Works also as a standard No Blush™ to remove trapped moisture without raising sheen. Shake can vigorously. Spray thin coat and allow existing finish to flow and harden. If more reduction of blushing or better flow is needed, apply a second, somewhat heavier coat. Resulting higher sheen can be lowered with a final mist coat.

Clean spray button immediately after use by turning can upside down and pressing spray button for 5 seconds or until no more product comes out. If clogging develops, remove spray button with a twisting motion and clean. DO NOT stick pin or other object into can. Gently replace button with a twisting motion with top of can and spray button pointed away from you.

Safety and Other Precautions: Read MSDS for precautions before using product.
